9 October 1841. Quitrent receipt for £2.10s for farm "Driefontein". The farm was over 2000 morgen, so tax due was 5 Rix Dollars, as shown in the text.

Three of the revenue stamps were adhesives (from L to R 2/-, 3d, 9d) printed on off-white (pale sepia) paper. The other two stamps were impressed directly onto the document (3/- and 18d).
